

Transient & Academic Residency Policies

Instructions

The purpose of this survey is to gather information on institutional policies regarding transient status for current students (not outside students with a temporary/transient status at your institution) as well as academic residency requirements. For the purposes of this survey, please only include institution-wide policies, not college- or program-specific policies/requirements.

Prior to completing this survey, you will want to review your institution's policies and have links or digital copies available to paste and/or upload. We understand that some institutions may not have a policy in place, in which case you may wish to provide information on relevant procedures or any information regarding the absence of policy.

Please complete this survey by Wednesday, September 8, 2021.

If you have any questions, please contact Holly Hall at hhall@highered.ohio.gov.
